after years of use with roller guide rods (without swivel tips) that have always been fished from the outriggers because the roller guide tip frame can become groved out and cut from miles of mono passing in and out. Let me explain: When you have a rod with a fixed/non-swivel roller tip and you fish this rod in the short rigger or long rigger ...

Guides vs. Rollers on Trolling Rods — Florida Sportsman
I have a pair of 7' roller rods they have the better rollers that won't foul the wire. The shorter rods make it a lot easier to handle the kings. And they arn't so heavy that can't have fun with the smaller fish on the fingerlakes. I like them better that the twillie tip. We run them flat to the water and the clear the riggers fine.
