The Law Of Corporations In

corporations: an overview. A corporation is a legal entity created through the laws of its state of incorporation. Individual states have the power to promulgate laws relating to the creation, organization and dissolution of corporations. Many states follow the Model Business Corporation Act. (See Minnesota's adoption.) State corporation laws require articles of incorporation to document the corporation's creation and to provide provisions regarding the management of internal affairs.

Corporate law (also known as business law or enterprise law or sometimes company law) is the body of law governing the rights, relations, and conduct of persons, companies, organizations and businesses. The term refers to the legal practice of law relating to corporations, or to the theory of corporations. Corporate law often describes the law relating to matters which derive directly from the ...

Corporate law - Wikipedia

A corporation is a legal entity created under state law, usually for the purpose of conducting business. The law treats a corporation as a person that can sue or be sued. A corporation is separate from its individual owners, or shareholders, who own stock in the company. Corporate law encompasses all of the legal issues that corporations can face.

The personnel of a law firm depends, in large part, on the size and structure of the firm. An individual attorney in solo law practice is referred to as a sole practitioner. Law firms with more than one attorney are owned and headed by the partners or shareholders of the firm. Non-attorneys may not have an ownership interest in law firms.

Look into Corporate Law - Corporate

A corporation is an organization—usually a group of people or a company—authorized by the state to act as a single entity (a legal entity; a legal person in legal context) and recognized as such in law for certain purposes. Early incorporated entities were established by charter (i.e. by an ad hoc act granted by a monarch or passed by a parliament or legislature).
